Who is HEXIS?

HEXIS is a key player for the manufacture and adhesive coating of films designed for visual communication. In 2014 the company celebrated its 25th anniversary of innovation!

HEXIS devotes 3% of its turnover to R&D, and employs 350 staff around the world. HEXIS is ISO 9001 certified.

The company specialises in high performance PVC and non-PVC films, and develops a range of innovative products designed for professionals in the fields of digital printing, signage, lettering, vehicle marking and textile decoration.

The HEXIS group is present all over the world thanks to its subsidiaries in the French Caribbean, Germany, Italy, Spain, Sweden and the USA, as well as a distribution network on all 5 continents.

Advertising

Use printable films for advertising, marketing, communication, and print campaigns, such as HX190+PG836 / HX190+PG3036 HX190+PC190 / HX500+PC500, etc.

Application

it is important to use an approved convertor/application company for the installation of HEXIS films. Please ask your HEXIS contact for information on our approved partners.

C

Colour

Films for corporate livery, we colour match any colour.

Cleaning

Film is easy to clean allowing lower maintenance costs and can be cleaned numerous times after a graffiti attack without degradation. Statistics show a 50% decrease in maintenance costs [Source = London Underground].

Conformable

Films to complete full wraps where conformability is required [HX190+PC190]

D

Durability

HEXIS films offer various durabilities. Please inquire.

E

Eco friendly

We have non-PVC green options available such as AGLR and HX500 [printable film]

Economic

Film is 60-80% less expensive than paint solutions supplied and applied

F

Finish

Film can be available in gloss and matt finishes, please ask your HEXIS contact for further information.

Freight

Freight trains can look good too with AG6000 coloured film or printable V200WG2+PG3036UVB, these combinations offer extreme graffiti resistance!

G

Graffiti

HEXIS offer certain films with extreme graffiti resistance against paint stripper, aerosol, acid, etc...

M

Maintenance

Our films are dedicated for maintenance works, patch work repairs and full refurbishments.

P

Printable

Use our printable films for advertising, long or short term campaign work and custom corporate livery... Have a message to send? please refer to **Advertising**

Paint Replacement

Use film instead of paint, easy to apply and easy to replace if damaged.

What do you need?

R

Refurbishment

Film solutions can be used to replace the original paint during train manufacturing, or as a refurbishment solution. Revamp even the oldest of trains and upgrade your vehicle.

S

Safety

Clean vehicles make customers feel safe! The user has a positive image of the operator and feels confident.

Standard

Our films comply with railways standards such as British standard BS 6853 and European standard EN45545-2:2013 [class HL3]. Please enquire.

U

UV

Our films have UV protection.

W

Window

HEXIS offer window films to protect glass against graffiti and scratches [AG800]

Weight

Film is 18-31% lower in weight per m² compared with paint systems.

coloured film with
graffiti protection
M1, F3, G1

Overground trains
AG6000
coloured film with
graffiti protection
M1, F3, G1

The use of self-adhesive films as an alternative to paint for the refurbishment and repair of passenger vehicles has gained considerable momentum. HEXIS offer various solutions: PVC films [AG5000 / AG6000] and non-PVC films [AGLR]. All these films can be used both on the interior and the exterior of the trains. AGLR complies with British standards 6853, for flame spread, smoke and toxic fume emission.

AG5000 and AG6000 are M1 [fire], F3 [smoke emission], G1 [graffiti resistance] certified according to French railways standards. They also comply with the latest European standard EN45545-2:2013 [class HL3, the best performing result].

A taste of our success...

Short Term Campaign on TGV - FRANCE

Trieste Tram - ITALY

Window Protection Film - BULGARIA

TGV Interior Decoration - Milano 2015 Expo- FRANCE / ITALY

James Waldron - London Underground Limited

"HEXIS have been very helpful working with us in developing film that is usable on our Underground Fleets."

"The result has been that we found a material that matched all our criteria's and offered fast application times allowing train down times to be at a minimum, helping regular train maintenance."

Sir Peter Henty CBE

"This visual reminder will have a real impact on our customers and help raise awareness for London Poppy Day"
