

SKINTAC HX30000

/ PREMIUM CAST FILM /
Car wrap and 3D customisation

Add a touch of class to your full wraps!

Make way for something original with HX30000. Be daring with metallic, pearlescent, supermatte, carbon, chrome and many other effects.

Vehicle full wraps, decoration of heavily curved surfaces

Capable of meeting all your technical expectations, both during and after application, SKINTAC HX30000 is available in **more than 50 colours**.

The colour palette is expanding!

> New satin Superchrome series now available in 1520 mm

HX30SCH16S ^{R3}
Scarlet red (satin)

HX30SCH17S ^{R3}
Rigel blue (satin)

HX30SCH18S ^{R3}
Canopy green (satin)

Product characteristics

High-performance **multilayered cast** PVC film

- Clear permanent solvent-based acrylic adhesive
- **HEX'PRESS** liner for easy application
- **Gloss, matt or satin** finish
- Indoor and outdoor application, especially on vehicles or heavily curved surfaces
- Available in 1370 and 1520 mm x 25 m

Product benefits

Its **ultra conformability** allows the product to be used on the most complex surfaces (mirrors, rivets...)

Easy application without any creases or bubbles: the **HEX'Press** liner allows air to be released and the film to be repositioned during application.

Technical performance and time savings guaranteed!

RANGE 1 > from 100 to 165 µm

Black, white & colours

Variochrome, pearl-iridescent, rainbow effects

> up to
5 years

> up to
2 years

Available in 1520 mm

^{R1}

RANGE 2 > from 130 to 210 µm

Carbon, leather & honeycomb effect

Brushed aluminium (HX30BA000B)

> up to
5 years

> up to
3 years

Available in 1370 or 1520 mm

^{R2}

RANGE 3 > from 90 to 220 µm

Superchrome gloss

Superchrome satin (series 1 & 2)

> up to
1 year

> up to
5 years*

Available in 1370 or 1520 mm

^{R3}

/ The actual durability of the product depends on several parameters such as the conditions of exposure (climate, angle of exposure), substrate, etc.
(*) Series 1 (220 µm) available in 1370 mm: up to 5 years durability / Series 2 (110 µm) available in 1520 mm: up to 4 years durability /
